Sink the Stink super concentrate

Congratulations Trident!
30 Years Serving the Dive Industry

SINK THE STINK[®]

The BEST Dive Deodorizer on the Planet!

SAFE - Contains no harmful chemicals!

Many competitive products contain harmful chemicals that can damage wet suits and adhesives, irritate skin or harm the environment. We use naturally occurring microbes that are trained to feed on stinky stuff like urine and bootie stank. StS is biodegradable and hypoallergenic!

EFFECTIVE - Odors are completely eliminated!

Other products use chemicals with enzymes or plant juices to temporarily mask or bind odors. The bond quickly breaks down and the stink returns. Chemical products only treat surfaces. Our microbes penetrate the neoprene, form a biofilm, and remove odors from the inside out.

AFFORDABLE - 1/2 oz. treats up to 100 Wetsuits!

Sink the Stink is high tech and highly concentrated. Our harmless and hungry microbes begin to reproduce as soon as they enter the rinse tank. It doesn't get used up like chemical products.

2GB Micro SD card with full size SD card adapter. MicroSD 4G.

G713

4GB Micro SD card with full size SD card adapter. MicroSD 4G.

INTOVA

STROBE AND ACCESSORIES

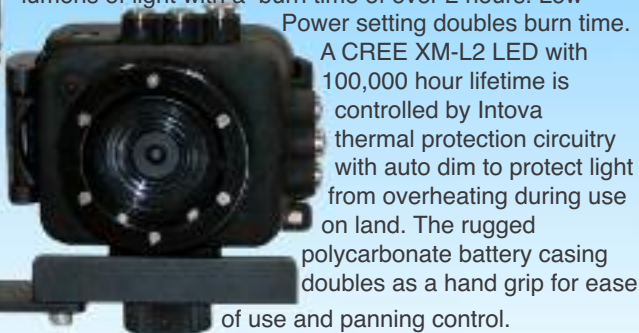

ISP02 Mount Adapter: Allows GoPro cameras to be attached to mounts with 1/4" 20 thread screw. Model# GMA.

D939 Action Video Light:

Compact, lightweight and ergonomic, Model# AVL the Action Video Light was designed for use with Action Cams but is a great complement to any video camera. A wide and even 120 degree beam angle provides consistent lighting with no hot spots or edge rings. Waterproof to 60 meters/200 feet, the kit includes a bracket with standard tripod mount. The rechargeable 18650 battery delivers powerful 640 lumens of light with a burn time of over 2 hours. Low Power setting doubles burn time. A CREE XM-L2 LED with 100,000 hour lifetime is controlled by Intova thermal protection circuitry with auto dim to protect light from overheating during use on land. The rugged polycarbonate battery casing doubles as a hand grip for ease of use and panning control. Shown with EDGE X camera (not included).

ISP05

Intova PX21 Compact Slave Strobe

features these specifications:

- Universal slave strobe for use with digital or film cameras
- Underwater Housing Depth Rated to 200 feet / 61 meters
- Flash Sync Sensor
- Light Output Control: Auto light sensor with 3 levels-Max, Med, Min
- 3 Pre-flash settings
- Diffuser holder with 3 diffusers
- Guide Number (ISO 100): 40' / 12m
- Flash Recycling Time: Approx. 0.5-8 sec
- Number of Flashes: Approx. 80-200 flashes with alkaline batteries
- Beam Angle approx. 38° horz and 54° vert
- Power: 2 AAA Batteries

Strobe Lighting System

Shown at right is an underwater system composed of ISP05 (PX21), G716 (PX25), G717 (SSFL), and waterproof camera. All parts sold separately.

ISP40 Base Tray Double

Versatile and universal mounting system can accommodate 2 flex arms to attach lights or strobes. The tripod screw can adjust for various size housings that use a tripod mount system.

G716

Easy Velcro attachment for slave strobe activation. Particularly useful in ultra clear water where light from internal (on camera) flash can dissipate rapidly and not activate a slave strobe. Fiber optic cable is connected between an Intova slave strobe ISS2000 or PX21 and the camera (by placing Velcro pad on the waterproof housing in front of or near the on-camera flash). PX25.

G717

Simple and universal, the SSFL kit consists of a base stay with standard tripod screw and a 30 cm (11.8 inch) flex arm for mounting strobes or video lights to an underwater camera housing. The tripod screw is adjustable and will fit virtually all housings using a tripod screw mount system. The versatile flex arm allows full range flexibility for variable lighting angles. SSFL.

INTOVA

AFTER ABSORBING BEFORE ABSORBING

LEAK INSURE SACHETS:

Contain highly absorbent granules that can hold 400 times their weight in freshwater.

If you place one or two Leak Insure sachets in your underwater housing before a dive you can buy valuable time to get to the surface and save your camera if it starts to leak.

GO THE DISTANCE

DEDICATED PRODUCTS FOR GoPro

BATTERIES

Batteries are our specialty. The variety of power solutions are specifically designed and engineered for perfect compatibility with the GoPro Hero Cameras. The choices include high capacity replacement batteries in a single pack or a 2 pack that are 100% compatible with GoPro Hero3 Series or GoPro Hero 4 Series cameras. Or choose to "Go the Distance" with the all-day Re-Fuel proprietary ActionPacks that extend recording time to 6, 12 or 24 hours.

CHARGERS & POWER BANKS

Recharge & Re-fuel your GoPro Hero4, Hero3+ and Hero 3 action camera batteries with one of our many chargers. Choose from our USB powered 2 and 3 bay chargers, portable charger & battery kits or "Go The Distance" with the Unique "On The Course" Go Charger with a built-in and powerful 5200mAh Power Bank that can charge 2 GoPro Hero 4 Batteries anytime, anywhere. Re-fuel's extended variety of power banks start from a 2x charge/2600mAh to an extended 7x charge 13000mAh.

SUPPORTING ACCESSORIES

Pros and Prosumers will appreciate the high quality of QuikPod® grips and extender poles. They are designed with quick release changeable mounts when switching from GoPro to digital camera or Smart Phone. QuikPod® Extreme and Xpert are water Proof durable and approved and endorsed for diving.

RE-FUEL HIGH CAPACITY BATTERIES

Waterproof up to 131ft (40M), allows for hours of continuous underwater video
 Dustproof & Dirt proof - sealed against the elements no matter where you go

CX23 QUICKPOD REBEL SELFIE STICK
 The Quikpod Selfie Rebel is meant to work for GoPro, Smartphones and digital cameras.
 1/4 inch universal camera mount
 Selfie mirror, Adjusting lever for head mount
 Rubberized grip handle, Extends up to 37"
 Weights only 6.2oz Includes: Wrist strap
 Mount for GoPro, Smartphone adapter

CX21 QUICKPOD ULTRA SELFIE STICK
 The Quikpod® assists with self portrait shots while participating in extreme sports.
 The QuikPod TP-QPXT extends from 18" to 53" built in mirror for overhead shots and self-positioning.
 Includes mounts for digital cameras, DSLR cameras, camcorders, GoPro® cameras and cell phones

CX26 QUICKPOD GOPRO POWER GRIP WITH BUILT-IN BATTERY
 Use with GoPro Hero4, Hero3+ and Hero3
 5200mAh built-in power bank, rubber grip
 GoPro mount & screw adapter
 Standard USB & micro USB port
 4 LED charge indicator

CX25 QUICKPOD DYNAMIC SELFIE STICK WITH BUILT-IN BATTERY
 Built power bank with 5200mAh.
 Extends up to 42" only at 8.1oz.
 Includes a smartphone adapter, gopro adapter and camera mount. Connect and film up to extra 10 hours.

CX24 QUICKPOD FUN SELFIE STICK
 Extends to 42" weighs 4.5 oz.
 Includes: smartphone adapter and wrist strap. rubber grip
 Works with smartphones like android and iphone.

CX22 QUICKPOD SPORT SELFIE STICK
 Extends up to 39". Includes Smartphone adapter and Digital Camera mount adapter.

Z2720

Gloved hands, wet hands or oily hands are not an issue when using the 2720 with Gesture Activation Control technology. Turn on the light with a wave of a hand. Additional features include: Low level red light that preserves night vision, for nighttime applications. Signaling red (S.O.S) beacon light. Optical 4x magnification allows for a wide or penetrating beam,. Including a variable light output from 100%-10%. Water resistant, not made for underwater use

PELICAN™

Z1920

Using readily available AAA (2) batteries, the 5.3", 2.2 oz. 1920 bright LED light creates a clean white 67 lumen beam for up to 2.75 hour burn time
Not for underwater use.

Z1910

Using readily available AAA batteries, the 3.6", 1.4 oz. 1910 bright LED light creates a clean white 39 lumen beam for up to 1 hour burn time
Not for underwater use.

Our new ultra compact aluminum 1910 and 1920 flashlights are designed with style and function in mind. Using readily available AAA batteries, these bright LED lights create a clean white beam, Long burn times combined with hi-lumen output

Z2360

THE BRIGHTEST 2AA POWERED LED FLASHLIGHT ON THE MARKET. Using 2 standard AA alkaline batteries, it emits a peak output of 110 lumens with a run time of up to 2 hours. Made with the most durable of materials: an aluminum body and an impact resistant LED lamp module, the 2360 LED keeps you on point without equipment failure. The non-slip textured body and push button tail switch are easy to operate in slippery conditions. The removable two way pocket clip securely attaches the 6", 4.6 oz. 2360 to your pocket or the brim of your hat.
Not for underwater use.

Light Cannon eLED®

UNBELIEVABLY BRIGHT

- A pair of water cooled high intensity LEDs delivers over 800 lumens
- High color temperature gives the beam the same color as sunlight
- Brightness remains even higher underwater than in air with UK's unique Lumen Booster design
- Full and half-power switch can extend battery life even more.
- Dovetail slot for either pistol or lantern grip as well as video arm
- Powered by disposable alkaline batteries or rechargeable UK NiCad Upgrade kit. Also uses individual nicad or NiMH C-size batteries

TECHNICAL BACKUP LIGHT

- Proprietary Compound Path Optics (CPO) permits high efficiency and compact size
- Thermal Recovery System recycles heat from the LED to warm batteries for improved performance in low temperatures
- Twist ON/OFF bezel sealed with two O-Rings for reliability
- Reliable waterproof seal requires 3 turns for first O-Ring release (5 turns for second O-Ring)
- Beam produces a bright spot with almost no peripheral light, reducing backscatter
- Stainless steel loop clips to BC accessory snap clips
- Powered by 3 C alkaline batteries

DL08

Compact Torch features a 3AAA battery design with a magnetic push style switch. The beam is focused for maximum distance and the switch provides settings for reduced beam and strobe features. Anodized aluminum construction, bright 230 lumens LED and waterproof to 400 ft.

G720

Adapter allows lights to be attached to a flex arm allowing lights to be used for video use

DL34

An inexpensive plastic torch that is waterproof to 100 feet. 4 AAA batteries and twist bezel switch provide simple and effective torch activation. Great as a back up light or spare light for a variety of uses. This small and compact torch offers 5 LEDs for even 15 lumen illumination. Uses 4 AAA batteries (not included) Dimensions: 5.1" L x 1.5" W

DL03

Versatile and powerful, features a concentrated beam and large body size. Extra bright CREE XML-T6 LED, 500 lumens, anodized aluminum body, waterproof to 400 ft, concentrated 14 deg beam angle, magnetic slide switch. Uses 6 AA batteries (not included)

DL01

Concentrated beam for maximum carrying distance. The ergonomic and made from anodized aluminum for rugged durability. Waterproof to 400 feet, this is a light you can take anywhere. Powered by 2 CR123 batteries (included in packaging)). The magnetic slide switch provides easy on/off operation and the wrist lanyard assures safe attachment.

DL32

Soft hook & loop strap securely attaches most of the small to medium sized lights for hands free use. The neoprene strap is very adjustable

DL20

Great for diving, low cost video light and general usage. 300 lumen adjustable angle beam from concentrated to wide angle (9 to 45 degrees) via sliding zoom head or remove the head for a diffused video light (approx 140 degrees). Waterproof to 400 ft with double O-ring seal. LED: 1 CREE LED, LED lifetime: 100,000 hours Power: 2 CR123 batteries (included) Burn time: 3 hours Dimensions: 6.25 x 1.5"

D914
2 CR123
High performance lithium 3-volt batteries

DL06 Video Light: With 2500 lumens, waterproof to 400 feet, features 140 degree wide angle beam, a removable rechargeable Li-ion battery providing 1 hour burn time at full power 2 hours at 50% power/ 3 hours at 30% power and video mount adapter (Y clamp) for attaching to standard flex arm. Light intensity adjustable from low, medium to full power with rotating magnetic switch. Carry case with charger, universal plug set and extra set of O-rings included. Anodized aluminum construction. Dimensions: 4.4" x 2.75" x 3.75"

DL71 3 XML-T6 CREE LED's providing 2500 lumens, waterproof to 400 feet. The flashlight is constructed of 6061-T6 aluminum alloy, with an anti-corrosive anodized finish. A removable rechargeable Li-ion battery, controlled by a magnetic rotating ring switch, that provides full/50%/30% illumination. The rubber hand grip and ergonomic design allow easy use under many circumstances. This light is great for Diving, Security, Emergency Services and more. Comes with carry case, charger, universal plug set and extra set of O-rings. Dimensions: 10.6" x 1.3" x 2.75"

NEW FUSION LIGHT SERIES

Slide zoom head for 12° » 100° video beam angles with lifetime CREE LED Bulb
 Rugged aircraft grade aluminum housing, 328-Foot depth rating
 Versatile battery options for 3.5 hour burn times / works with either Li Ion battery (comes standard) or Alkaline batteries (not included)
 Magnetic slide switch / Four functions / 100%, 50%, 30% and strobe
 Pressure safety valve
 Special feature - Lens head can be removed for cleaning / simply hold vent holes and unscrew lens head. Even unscrewed light is still waterproof.

DL37 1000 Lumens: Comes with 26650 & USB Charger, Alkaline cradle Can use 3-"AA" batteries (not included)

DL36 530 Lumens: Comes with 18650 & USB Charger, Alkaline cradle Can use 3-"AAA" batteries (not included)

DL35 260 Lumens: Comes with 14500 & USB Charger, Alkaline cradle Can use 2-"AA" batteries (not included)

DL21 220 lumens at 100% power. Waterproof: 328 feet / 100 meters, 1.25 hour burn time. Lifetime CREE XPE LED. Lens system for focusing light. Adjustable beam angle (12° – 75°) via rotary ring system. Magnetic switch: push one time for 100%, 2 times for 30%, 3 times for strobe and 4 times for off. One touch off after 10 sec in any mode. Anodized, aircraft grade aluminum 6061T. Dimensions: 4.8" x 1.4". 1 ICR14500 Li-ion rechargeable battery (included).

Waterproof to 328' / 100M

Model# SportTac 2000

- 220 lumens at 100% power
- 1.25 Hour Burn Time
- Lifetime CREE XPE LED
- Lens system for focusing light

IMPORTANT FLASHLIGHT INFO: We only warrant batteries on major brand batteries. Use of off-brand and bad batteries can damage light circuitry, void warranty and result in fire or explosion incidents. All warranty requests MUST include photos and video. Use of tampered or unapproved batteries will void warranty.

IMPORTANT BATTERY INFO: Recharge using supplied USB recharger connecting either USB port to your wall and/or to PC or using USB power source. Do not recharge old or low battery, may explode or leak. Always attempt to recycle. When recharging or use your battery. Do not expose to temperatures above 60°C (140°F). Do not attempt to disassemble or recharge fully charged battery. Do not use damaged battery in mechanical device. Disposal of any specific battery following manufacturer's instructions.

Adjustable beam angle (12° - 75°) via rotary ring system.

Magnetic power switch: push one time for 100%, 2 times for 30%, 3 times for strobe and 4 times for off. One touch off after 10 sec. in any mode.

SWITCH LABEL: Watch thoroughly when recharging modes to ensure no pressure build up or air flow escape associated with the battery condition.

- Anodized, aircraft grade aluminum BODY
- Dimensions: 4.8" x 1.4" x 1.4" (incl. battery)
- Weight (incl. battery): 3.2 oz (91g)
- Double O-ring protection

DL16
Aquatec LED-1700 Headlight
with mask strap side clips
Includes AAA battery and lanyard
60,000Mcd Brite, 3 hour burn time

**Flooded strobes: Will be pressure tested; if found to be ok we can not replace / repair it.
The most common cause of flooding is improper care of O-ring and not closing the head completely
The most common cause of strobe head failure is by it absorbing a stress shock. (dropping it)
Dropped strobes are NOT covered under any warranty**

Early
Magazine Ad

For 30 years we've been trying to tell people how a Spare Air® can save a life...

read about the 21 ways divers can run out of air...

get your safe diving checklist...

learn why buddy breathing is not the answer...

find out "why" from the Spare Air inventor...

all of this and more at:
www.spareair.com

Simply, we don't understand why anyone would dive without one.

Where is your next breath?

Roll Control®

System

Start with a 48" aluminum track or choice of 12" or 20" molded track and custom design an accessory system for your boat, watercraft or van.

TA81 48" extruded aluminum railing for roll control accessories. Each rail will hold up to 4 scuba tanks

TA98 Plastic track 20" PVC **TA97** 12" Plastic track

Then add: Tank brackets which are available in standard and fold down, "V" twist spear gun holders, boat cleat, can and wine glass holders, fishing rod holders in Port side, Starboard side and straight up models or get a variable use accessory mount. Tank handles are also available.

"V" TWIST - LOCK SUPPORT

Assembles Quickly to Existing Roll Control Bracket System · Vertical and Horizontal Mounts Available
Straps Hold All Standard Spearguns · PVC Brackets (Both White & Black)

ROLL CONTROL TANK HOLDER PARTS

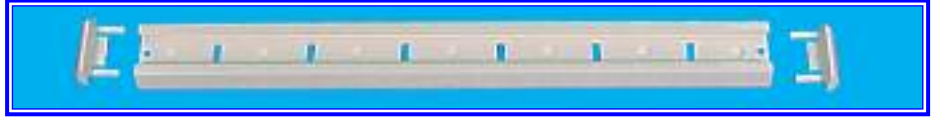

TA81

48" extruded aluminum railing for roll control accessories
Each rail will hold up to 4 scuba tanks

Go Where You Go

Customize your Scuba tank with an eye-catching decal made from Oracal vinyl. Manufactured in the US and sold in stores for over a decade, Inbloom Stickers will adhere to any smooth, solid surface and last for years without fading or peeling. From scuba tanks to surfboards, car windows to boats, in or out of the water these stickers can go where you go.

Featuring unique designs coupled with the best materials and service Inbloom offers a trusted product. Contact Trident today for special offers on racks and wholesale prices.

A variety of sizes to choose from:

Mini: 2.5" x 2.5"

Shorty: 5.25" x 2.75"

Regular: 5" x 5"

Strips: 12" x 4"

Up to 8 colors to choose from on most styles

There are a number of display/sticker packages available. Contact Trident for more information.

PERSONAL OXYGEN KIT

The Personal Oxygen Rescue kit allows for approximately 15 minutes of emergency oxygen at 15lpm. Housed in a SEAHORSE® SE720 allowing for great protection from any environment. Lightweight and portable it is great for situations when oxygen is needed close to emergency personnel. Just like the Personal Oxygen Rescue Kit, the Single and Double Oxygen Rescue kits are great when emergency personnel are immediately available. Both the Single and Double are housed in a SEAHORSE® SE920 and allow for approximately 40 or 80 minutes (*Single is 40 and Double is 80*) of emergency oxygen at 15lpm.

The New Standard in Safety
Built By Divers For Divers

With accidents a part of life, being prepared is the smart thing to do. Everyone's first aid needs will differ with the type of emergency, number of people involved, and the time emergency personal take to respond. As medical professionals we understand, as Dive 1st Aid is *Built by Divers for Divers* while setting *The new Standard in Safety*.

Specializing in:

- AED Kits
- Oxygen Kits
- Recreational Diver Kits
- Professional Diver Kits
- Save A Dive Kits
- Commercial Diver Kits
- Dive Boat Kits
- Dive Shop / Resort Kits
- Customized Kits

MADE IN U.S.A.

WWW.DIVE1STAID.COM

DIVE 1ST AID™

SCUBA DIVER KIT

This entry level kit is for minor injuries and illness. All the supplies you will need to care for wounds from bleeding control, cleaning and disinfecting, to covering the wound. Includes meds for stings, burns, allergic skin reactions, electrolyte loss, minor aches & pains, allergic reactions and motion sickness.

FA431 - Hard Case
FA428 - Soft Case

ADVANCED DIVER KIT

Everything you will find in the Scuba Diver Kit plus additional items that include eye wash, swimmers ear, syringe for irrigation, trauma shears, razor, vinegar, and more. These items deal with marine life bites & stings.

FA435 - Hard Case
FA433 - Soft Case

RESCUE DIVER KIT

Everything in the Scuba Diver and Advanced Kits with increased quantities, plus additional instruments and supplies to handle anything from minor cuts and scrapes to severe injuries with potential for major blood loss. Additional items include bloodstopper bandages, eye pads, iodine prep pads, emergency blanket, instant hot and cold packs, pen light, safety pins, and larger gauze wraps, elastic wraps, gauze pads, cloth tape and vinegar.

FA432 - Hard Case
FA430 - Soft Case

LIONFISH STING KIT

FA363

Everything to clean, care for and neutralize a lionfish wound. Included are band aids, gauze wraps, elastic wraps, forceps, scissors, gloves, instant hot packs, razors, sterile solution for irrigation, hydrocortisone cream, triple antibiotic ointment, and more.

STING RELIEF+ KIT

FA423

Everything to handle a marine life bite or sting. Included are band aids, gauze wraps, elastic wraps, forceps, scissors, gloves, instant hot packs, razors, sterile solution, hydrocortisone cream, triple antibiotic ointment, and more.

DIVE MASTER KIT

The "Dive Master Kit" is the first product in our professional diver line. This kit includes everything needed to control bleeding, clean, disinfect and cover a variety of wounds, from minor scrapes and cuts to major traumatic injuries. Also included are over the counter medications to care for common ailments such as motion sickness, pain and electrolyte imbalances, as well as supplies to treat marine related bites or stings. Finishing off this kit are all of the instruments you will need including trauma sheers, tweezer forceps and a high quality tourniquet. You have taken your training to the professional level; why not ensure you have the tools to match. Available in a padded soft case with shoulder strap, or a waterproof seahorse hard case.

FA438 - Hard Case
FA436 - Soft Case

INSTRUCTOR KIT

The "Instructor Kit" has everything in the "Dive Master Kit", plus more. With an increased number of dressings and wound supplies as well as full bottles of medications and skin preparation products, rather than unit dose packages, you have the right amount of supplies need to care for those you teach. Available in a padded soft case with shoulder strap, or a waterproof seahorse hard case.

FA440 - Hard Case
FA439 - Soft Case

PRO O² KIT

The "Pro O² Kit" is one of our top of the line kits in our professional series. This kit contains everything found in the "Dive Master Kit" and "Instructor Kit", in equal or greater quantities, but also includes an M-7 oxygen tank, variable 15lpm regulator, and a non-rebreather O² mask. Designed with the high level professional diver in mind this kit will enable you to handle anything that comes your way, as well as ensuring your students are in the hands of someone who not only has the training to teach them safe diving, but the equipment to back it up. Available in a padded soft case with shoulder strap, or a waterproof seahorse hard case.

FA362 - Hard Case
FA310 - Backpack

THE PERFECT SOLUTION FOR WATER-BASED ACTIVITIES.

A simple spray of EarShield® coats the ear canal with a conditioning water repellent barrier, acting as an invisible ear plug. This conditioning and cleansing action is formulated to prevent water from being trapped in the ear. Absorbed by the body after 4-6 hours, so there is no need for removal.

- Provides a Conditioning Water Repellent Barrier
- Metered Spray of Olive & Tea Tree Oil
- All Natural and Organic
- Unique Carrying Case with Resealable Lid
- Approved for children of 2 years and up

FA100

Moisturizing conditioner with botanicals and antioxidants that nourish and restore your follicles. Enriched with coconut water, coconut oil, and coconut fruit extract. Nourishes, protects, and conditions, leaving hair smooth, shiny, and easy to comb. Gluten free formula

FA101

Leave-in Conditioner seals in moisture, locks out humidity enhancing smoothness and adding shine and will leave your hair feeling radiant and frizz-free. Enriched with a combination of coconut water, coconut oil, and coconut fruit extract. Gluten free formula

FA102

Finishing hair spray gives volume and texture to the hair, creating that alluring beach style. Leaves hair looking sexy, wind-blown, and sun-dried as if you had just left the beach without that unwanted crunchy, sticky texture.

FA103

Moisturizing Shampoo will leave your hair refreshed, renewed and full of life. With green pea peptides to promote hydration that leave your hair rich and silky. Specially blended formula is overloaded with botanicals and antioxidants that help nourish and replenish your scalp for youthful looking hair.

Mini Console Retractors Force: 24 oz. Extension : 18"

Snap Clip Mount is the most common version. Easily connects to D-ring of BC
Large SS gate rotating Snap Clip attaches to the large BC D-rings

More compact unit for mounting console to chest area

Combo Mount includes two mounting systems in one package. Allows for the most versatile gear configuration

Stainless Steel Threaded Stud: Penetrates strap or pocket, screws into back of Gear Keeper and essentially mounts anywhere. Ideal for custom installations where a D-ring is not convenient.

Snap Clip Mount: Snap Clip for easy connection to D-rings. Removeable when using Stud Mount

▶ Mini GK Console RT4-5913 Heavy Duty Snap Clip
Item #R537

▶ Mini GK Console Combo Mount RT4-5973 Combo Snap/Threaded Stud
#R570

Small Tool Retractors

Recommended for slates, knives, lobster gauges

▶ Snap Clip Mount RT4-0040 Force: 3 oz. Ext: 36"
RT4-0041 Force: 6 oz. Ext: 36"
#R571 = 3oz
#R580 = 6oz

▶ Threaded Stud Mount RT4-0020 Force: 3 oz. Ext: 36"
RT4-0021 Force: 6 oz. Ext: 36"
#R573 = 3oz
#R595 = 6oz

Smart Phone Keeper

Never lose your expensive smart phone

▶ Combo-Mount Snap Clip / Threaded Stud RT5-5470 Force: 3 oz. Ext: 36"

Compact - Fits into pocket along with phone
Light retraction force makes phone use easy
Loss protection when shooting photos, video & navigating

▶ Flashlight Retractors *Best way to secure and use a flashlight while diving*

Flashlight is easy to find, easy to use... Does not inhibit your hands like a wrist lanyard... Does not drag and dangle like a coiled lanyard

Locking Flashlight Retractors Force: 12 oz. Extension : 42" Lights 3C to 8D, Rechargeables & Cameras

Proper retraction force is essential for flashlight applications...too much force for heavy lights will fatigue the user

Locking mechanism is designed for securing light on land...when diving, unlock unit and the moderate 12 oz retraction force will easily secure a flashlight or camera without fatiguing the diver

Locking the Gear Keeper in the extended position is not advised...it eliminates retraction benefits

Lock it on land; Unlock under water

- ▶ **Locking GK Deluxe**
RT3-5912
Snap/Bracket

Item #R577

▶ *Deluxe unit includes extra Lanyard for difficult connections and a mounting bracket for attaching to BC straps or weight belts*

SCUBA Products

Retractable Gear Attachment Systems

First engineered for SCUBA diving, the Gear Keeper is a rugged, retractable gear attachment system, designed to utilize and protect gear in severe environments with maximum break strength and durability.

The Gear Keeper is at the core of an extensive product line that boasts an impressive array of benefits and features: a patented flushing system that clears sand and debris from the unit, is salt-water proof, and will withstand high-temperature environments; a patented Q/C Connector System that provides quick and easy connection/disconnection of gear.

The RT3 series features 80# break-strength and uses Spectra/Nylon line. The RT2 series and the RT4 series features 60# break-strength. The RT5 Series Micro features a 40# break-strength and uses a Spectra/Nylon line. All series feature high-impact housing, multiple spring forces and multiple mounting options.

All SCUBA retractors feature the exclusive (Quick Connect) System that allows gear to be easily disconnected from the Gear Keeper® while keeping gear close at hand and reducing the overall length of the tethering system.

Choosing the right Gear Keeper is easy because they're packaged by application (console, flashlight, etc.): the right force, mounting option, and accessories needed.

Gear Keepers are Designed for Harsh Salt Water Environments

To extend retractor life in salt water environments, we recommend rinsing the unit after each use to prevent the formation of salt crystals on metal components.

Gear Keeper Retractors Systems are designed with a patented flushing system that allows for easy cleaning as well as flushing sand and debris from internal mechanisms.

Manual Flushing Instructions:

Operate unit in fresh water (extending and retracting) for 5 to 10 cycles.

If unit is packed with sand or debris, submerge unit in fresh water with line facing upward. Allow unit to fill with fresh water. Turn unit so line faces down and operate rapidly 5 to 10 times. Repeat if necessary.

■ Brass Snap Clip Mount

LEAK INSURE SACHETS:

Contain highly absorbent granules that can hold 400 times their weight in freshwater.

If you place one or two Leak Insure sachets in your underwater housing before a dive you can buy valuable time to get to the surface and save your camera if it starts to leak.

Student kit

Swivel hose holder, versatile hook & loop multi holder, whistle, 4" x 6" slate with clip, TR-17 defog and 4 contoured weight keepers packed in hang bag

PS94

It all starts with the foot pocket these are engineered for comfort and optimum transfer of energy with effortless propulsion. Two thermo rubber stiffness compounds: one for comfort, other for strength. Result is limited foot fatigue and unmatched power. Side rails offer additional stiffness channeling all power to thrust. Blades are removable and secured with screws and blade clips. Fish school pattern on blade is ideal for hunting pelagic fish.

NO TIME FOR A DIVE BREAK

When a wet suit zipper fails, it can sink your diving adventure. In minutes, the FixnZip™ zipper slider replacement repairs zippers without the need for tools or sewing.

- Zipper repair without tools or sewing
- Easy to apply
- Noncorrosive surface
- Repairs tooth and coil, metal and plastic zippers
- Durable and reusable
- Each fits a range of sizes
- Can be started anywhere on the zipper
- Works on a variety of products with watertight zippers

HA02

Air gun loader for single points

The spearguns with power reducer it is possible to have two firings:

one at maximum and one at minimum power;

furthermore, when adjusted at minimum power (completely forward) the loading operation is easier.

To unload the gun for ordinary maintenance it is necessary to have the adjusting rod at the maximum power (completely backwards); otherwise some air would be left inside the air tank.

Never load any speargun on land or on boat.

Do not fire in the air.

Before firing, be sure that the shaft is in the right position:

if the shaft accidentally comes out (for instance if the tang of the shaft is worn and does not hook the piston properly), do not fire because the piston can be damaged; in this case, re-insert the shaft and fire normally.

At the end of each dive, safely fire the gun in water to release the shaft before getting out of the water.
